RONALD MCDONALD RED SHOE AFFAIR

Jeffrey and Patricia Meldon were co-chairs for the 12th annual Red Shoe Affair at the UF Exactech Arena that was a sold-out event that raised over \$290,000. The Ronald McDonald House in Gainesville provides living accommodations and food for families who have children who are being treated for life threatening conditions such as Cancer and Heart failure. Without the Ronald McDonald House many of these families could not afford to be close to their children during medical care that can last many months.

CASE OF INTEREST: SEPTEMBER 2024

FALLING SHELF LEADS TO A MILLION DOLLAR JURY VERDICT.

We represented a medical professional who had defective installation of shelving in her newly constructed home that caused her to fall and suffer serious leg injuries. As a result of these injuries, our client was unable to continue her duties in her current role and her ability to enjoy life was greatly limited. Despite the fact that the shelving was clearly improperly attached to her closet wall, the insurance company would not offer her fair compensation so she took the case to trial and obtained a one million dollar verdict.
